

Press Release

Issued 8 August 2007 - for immediate release

Astute Graphics announces Phantasm CS multi-license package availability

For the first time, Phantasm CS will now be available in multi-license packages. This is in order to cater for the growing number of corporate users who have discovered the new way to vastly improve illustration creativity and work-flow.

The following table shows the amazing package deals available - especially when considering the very low standard price of \$37.50...

No. of licenses	Package price	Saving	Cost per license
1 to 4	—	—	\$37.50 €27.41 £18.46
5	\$150.00 €109.62 £73.86	\$37.50 €27.41 £18.46	\$30.00 €21.92 £14.77
10	\$275.00 €200.98 £135.40	\$100.00 €73.08 £49.24	\$27.50 €20.10 £13.54
20	\$500.00 €365.41 £246.19	\$250.00 €182.71 £123.09	\$25.00 €18.27 £12.31
Unlimited site*	\$750.00 €548.12 £369.28	—	—

Note: prices based on \$ (US). Conversion to € (Euro) and £ (GB) are approximate and calculated based on exchange rates as of 1st August 2007.

*Unlimited site license is valid for single physical location.

The list of [quotes and praise](#) for Phantasm CS is rising. But we are very proud to have none other than Adobe's **Illustrator Product Manager, Phil Guindi** adding his own views on Phantasm CS version 2:

“Phantasm CS version 2 is a solid addition to Illustrator CS3 for anyone who needs the most flexible and powerful color control tools available. This plug-in complements Illustrator CS3’s Live Color feature, and provides additional image-level controls for both vector and bitmap artwork. If you often wish you could easily adjust the colors on images directly within Illustrator, this plug-in is for you.”

Phantasm CS version 2 is available for Windows® and Mac OS X® running Illustrator CS, CS2 and CS3.
